Coast Short – Discoloration

Customer Care Comments from Product Form Submissions

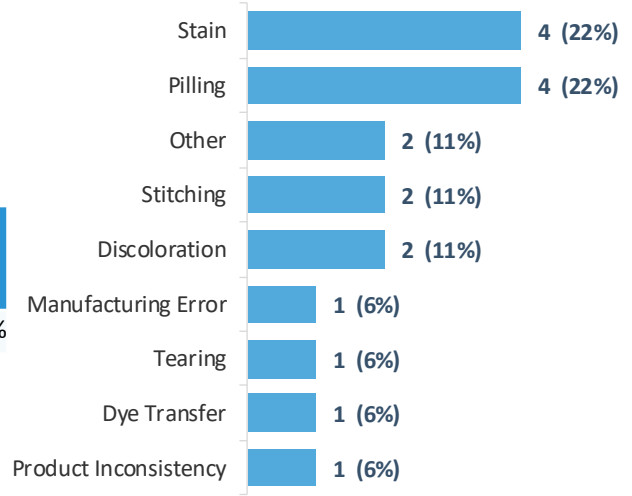

- *When going to wash them, I lightly sprayed OxiClean on the stain, then, after a delicate wash cycle and hang dry, I found that the area where I sprayed OxiClean had been de-colorized and looked completely different than the rest of the shorts.*
- *I wore the coast shorts for the first time, got a little stain, used oxi clean stain remover, and it bleached the short. The tag says no bleach but doesn't mention stain remover. I really like the shorts, but ruined after the first time. I added a picture of the shorts and the oxi clean below.*
- *Unfortunately, I got a spot on them while sitting down and tried using a mild oxy stain remover spray to clean it off.*
- *It was washed with a mild detergent called members mark laundry detergent from Sam's Club. Along with it were some light colored clothes & towels that all turned a little green. The shorts were air dried.*
- *We used "Shout" to ensure stain removal, but they came out of the dryer stained where we sprayed the "Shout". We did not see any warning about using stain remover and assumed that since the shorts were safe with fabric softener, stain remover would be a non-issue.*
- *I washed this item alone, following the care instructions on the garment label exactly. Given that, this doesn't seem like normal wear or a laundering mistake on my end.*

Customer Comments from NARVAR Returns

- Not color fast
- The color doesn't seem right. It has a stain on it.
- Color
- Stained after washing
- color washed out after washing
- I removed a stain and after putting in into the wash the green dye came out of the shorts and they are discolored. I like these shorts alot and would like to exchange them for another pair.
- After first wash in cold water with no other clothing, white marks appeared all over the shorts. We are no-bleach household, so we have no idea why this would happen.
- material issue. was instructed to return by product team on 7/1
- Not great quality. The bottom of shorts don't hold up, flaring.
- Color
- My husband spilled a bit of dish soap on them during his second wear and the soap stained them. For the price, this is not acceptable.
- Portions of the material are discolored after washing. Would like to exchange for the same item, if possible.
- After washing the shorts discolored
- Worn once and then washed and noticed issue with blotchiness of dye.
